

POSTGRADUATE GUIDE 2026-27

Welcome

Choosing to continue your studies is an exciting step, and I am delighted that you are considering the University of Wolverhampton for your postgraduate journey.

Whether you are looking to advance your career, deepen your expertise, change direction, or pursue a passion, postgraduate study offers the opportunity to challenge yourself, broaden your horizons and unlock new possibilities. At Wolverhampton, you will join a supportive and ambitious community where students from across the UK and around the world come together to learn, share perspectives and inspire one another.

Our courses combine academic excellence with real-world relevance. Many hold professional accreditation and offer flexible study options designed to fit around your life and ambitions. We are also proud to guarantee professional placements for all postgraduate taught students¹, helping you gain valuable experience, build your confidence, and enhance your future career prospects.

You will be joining a university that is recognised for both the quality of its teaching and the success of its students. We hold a QS Stars (2026) 5-star 'Excellent' rating for teaching, global engagement, facilities, environmental impact, and diversity, equity and inclusion. In the Whatuni Student Choice Awards 2026, we were ranked among the UK's top ten universities and the number one university in the West Midlands, as well as a Top 20 university for postgraduate study. We are also proud that our researchers are making a global impact, with work that is helping to address some of society's most significant challenges.

To ensure you have the best possible learning experience, we have invested £160 million in our campuses, digital infrastructure and facilities over the past six years, with a further £70 million planned. This includes a brand-new medical school, modern creative industries studios and new engineering facilities at our award-winning Springfield site.

The confidence students place in us is reflected in the fact that we are now the fastest-growing university in the UK for UCAS acceptances (2024-2025). More importantly, it reflects our commitment to providing an education that transforms lives and helps students realise their potential.

We look forward to welcoming you to the University of Wolverhampton.

Professor Ebrahim Adia
Vice-Chancellor
University of Wolverhampton

GUARANTEED WORK EXPERIENCE

At Wolverhampton, we do degrees differently to support you in your chosen career. We're offering professional placements as standard to every on-campus taught postgraduate as an additional course option, if your course doesn't already feature placements as a regulatory body requirement¹.

As one of the first UK universities to embed employment into our courses at this scale, this means you get hands-on employment experience, whatever you're studying.

We don't see this as an add-on; it's our standard for every student, for every on-campus degree. Get real-world exposure and build the industry networks essential to your future career.

Find out more, including terms and conditions at: wlv.ac.uk/placements

¹Available to eligible students on postgraduate taught programmes on campus. Excludes research degrees and courses delivered via partner institutions. Postgraduate placements taken in addition to modules. Opportunities may include employer placements, live industry projects or employer-designed assessments.

Find out more about placements and how we help develop your employability on p10.

Why study a postgraduate course?

Deciding to embark upon further study can be a tricky decision, but it can benefit you both now and into your future. .

Boost your earning potential

Government data continues to highlight the long-term value of higher education. On average, graduates have consistently out-earned non-graduates for more than 15 years, with the gap now standing at around £10,500¹.

This advantage has remained strong even as more people than ever are choosing to go to university, with participation by age 20 rising from 39% to 47%.

For those who take their learning further, the benefits are even more compelling. Postgraduates not only see their earnings advantage increase to around £15,500 compared to non-graduates¹, but they also enjoy some of the strongest employment outcomes.

Around 9 in 10 working-age postgraduates are in employment, with some cohorts achieving even higher employment rates, underlining the powerful impact that advanced study can have on your career prospects

Retrain or gain a promotion

The boost a postgraduate course can offer you professionally is huge, giving you the opportunity to change direction in your career or increase the chances of securing a future promotion.

Fulfil your ambitions

It isn't solely your professional life that can benefit from a postgraduate qualification. You may want to pursue your passion for a subject, become recognised as an expert in your field, or fulfil a lifelong dream of studying beyond your undergraduate degree.

Postgraduates earn on average

£15,500

more per year than non-graduates¹

¹ Graduate labour market statistics, Office for National Statistics' Labour Force Survey, June 2025

MRes International Relations

"This university didn't just shape my education it shaped my identity from shy speaker to someone ready to stand in front of a crowd and inspire."

Why Wolverhampton?

We know that it can be challenging to fit your studies around the rest of your life, so we offer a range of flexible part-time and online options.

As a postgraduate studying with us, you can benefit from:

- Placements available for all students
- Professional accreditations
- Outstanding student support
- Career-led course design

£160M

investment in six years and

£70M

planned

Investments in our campuses, digital capabilities, and facilities over the past six years include:

- Our £120m School of Architecture and Built Environment
- £7.3m School of Creative Studies
- £3m into pharmacy facilities
- £7m Black Country Medical School will arrive in 2026/27
- Further planned spending: £60m digital transformation and £11m Green Innovation Corridor.

Affordable living

With living costs rising, we want to ensure that our students feel supported throughout their university journey.

That's why:

- If you live in university-owned, on-campus accommodation, you'll enjoy cost-effective living with all your bills included in the price.
- We have created warm study spaces across our university campuses, with our libraries opening 24/7 at points throughout the year.
- If you move from undergraduate to postgraduate study with us, you get a 20% discount on the cost of your course, with our postgraduate loyalty discount.¹

For further support with the cost of living see funding and scholarship and bursaries information on pages 18-19.

Accommodation

If you want to live on campus, we offer en-suite university accommodation at both our Wolverhampton and Walsall campuses.

- Gold standard: Our university accommodation achieved the prestigious Gold standard in the Investor in Students Institutional Insight Survey 2026.
- Top 5 in the UK for student halls: Rest easy knowing you are moving into spaces that students truly love. Our halls were voted in the top tier nationally at the WhatUni Student Choice Awards 2026.
- A cost-effective student city: From our trusted university-owned halls to a wide array of alternative student housing, you will easily find an all-inclusive space that fits your lifestyle and budget.
- The best of both worlds: Experience a welcoming, close-knit community vibe paired with excellent local entertainment, shopping, and relaxing green spaces.

Employability

If you are studying a degree as a way to enter your dream job, you'll find employability support interwoven through your course, as well as a range of developmental opportunities on offer.

Retrain or enhance your employability

Find your ideal role or change your career path through full-time, part-time, flexible or distance learning courses. We also offer conversion courses, which are intensive postgraduate programmes designed to help you switch to a completely new subject or career area, even if your undergraduate degree was unrelated. Retrain with one of our conversion courses in teaching, law, psychology, artificial intelligence, and more.

Experience and accreditation

We offer a wide range of career development opportunities such as work experience to provide insight and build your CV while you study. Many of our courses carry accreditation from professional, statutory and regulatory bodies; approval that they meet the highest standards.

Our graduates have lifelong access to our careers staff, who can offer mock interviews, career information, further study advice, and much more.

Professional placements guaranteed*

All our taught postgraduate students can benefit from guaranteed placements (taken in addition to their modules), gaining real experience for a real advantage. Opportunities may include employer placements, live industry projects or employer-designed assessments, and are available to eligible students on postgraduate taught programmes on campus.

Ongoing careers support

Our Careers, Employability and Success teams can provide you with expert help during your degree and after graduation. We have links with hundreds of employers and community groups throughout the West Midlands that need your volunteering skills and offer support to achieve your entrepreneurial ambitions with business start-up support.

The team can support you to improve your career-readiness. Whether you want guidance to perfect your CV; to build up your volunteering hours while studying; or to gain international experience highly regarded by employers by immersing yourself in new cultures, we can help.

wlv.ac.uk/careers

*Excludes research degrees and courses delivered via partner institutions. Please visit: wlv.ac.uk/placements for full details.

Flexible study options

Flexible study

We're committed to providing flexible study options to allow all our students to achieve their ambitions. That's why remote learning and flexible study times have become a core part of many of our programmes.

Part-time study

Part-time study can better fit in with your lifestyle, and is a cost-effective way to realise your potential. Part-time postgraduate taught degrees usually take two to three years to complete. You can complete your taught degree from as little as **£5,507.50 per year**. (plus an additional **20% off** for graduates of the university with the alumni discount), paying in instalments to spread the cost of your tuition.

wlv.ac.uk/fees

Online learning

The University of Wolverhampton is proud to offer a range of entirely online Master's degrees. We have designed these courses specifically for busy working professionals and people with family commitments, giving you the opportunity to enhance your career prospects and help you achieve your full potential with less disruption to your everyday life.

On-campus, online support

- Our virtual learning environment, Canvas
- Online personal tutor support
- Access to the software you need with Apps Anywhere
- Expert online library support
- Online lectures, content, and support.

wlv.ac.uk/its

Returning to study?

We understand that returning to education after a break can be a daunting prospect. Our advisors can help you explore your study and funding options.

Continuing Professional Development (CPD)

The University of Wolverhampton is the ideal place to develop and enhance your skills and proficiency in your career area, with a continuing professional development (CPD) short course.

Our diverse range of CPD courses has been developed by industry professionals and covers a wide array of topics: management; leadership; finance and accounting; marketing; IT; software engineering; health; nursing; and health and safety.

We have links across a wide range of industries, as well as partnerships with recognised frameworks to give our short courses the value you deserve. We are an accredited training centre for the Chartered Management Institute (CMI) and the ILM (formerly the Institute of Leadership and Management). The university is also an accredited centre for the Chartered Institute of Personnel and Development (CIPD) and the Chartered Institute of Marketing (CIM).

We offer a large range of education, nursing and healthcare related CPD courses and stand-alone modules to up-skill practitioners already in employed in these areas.

We can shape our bespoke CPD courses to meet your developmental needs or those of your employer, meaning that they are an excellent way to improve your qualifications and build your knowledge in any profession.

You can also use evidence of your prior training to help accredit your studies.

Why study a CPD course?

- Gain more qualifications
- Close knowledge gaps
- Learn skills you can directly apply to your career
- Network with fellow professionals
- Gain insight into trends and advancements within your sector

We offer a wide range of CPD courses, explore what's available below.

Supporting you

University is an exciting time, but it is important to know that you will be supported along the way. No matter who you are, you may need a helping hand when you start or during your university journey. The University of Wolverhampton takes being inclusive seriously, and the student life team provides a group of student support services which all share a common ethos and desire: to see our students thrive.

In particular we can provide tailored advice and support for:

- d/Deaf and hard-of-hearing students
- disabled students
- care leavers and estranged students
- mature students and those who've been out of education for a while.

Mental health and wellbeing

Students can access online resources and wellbeing apps, regular wellbeing drop-ins, groups and events. The team is dedicated to helping you connect with the most suitable external services tailored to your needs. Our new platform WLV Student Life Connect is a counselling, information and advice service offering free, confidential, independent and impartial support for issues arising at university, home, or work.

Our wellbeing champions – student volunteers just like you – actively promote and support wellbeing activities and services at the university.

Chaplaincy and faith provision

Our multi-faith Chaplaincy team is here to support all students, whether you are a person of faith, someone who is searching and has questions or doubts, or doesn't follow a faith. If you need a quiet place to gather your thoughts, a space to pray, or a chat over coffee, there is dedicated space, including a multifaith prayer room, on each campus. All are welcome.

Learning support

Free one-to-one advice can help develop and improve your academic study skills, with topics including: planning and writing assignments, exam revision, and presentations. You can attend workshops on finding information, referencing, academic writing, and critical thinking, as well as access online study guides for a wide range of topics.

Transport links

Wolverhampton interchange conveniently brings together the bus, rail and metro networks in one central hub in the Midlands, making it easy to explore the region and beyond.

TRAIN TIMES FROM WOLVERHAMPTON

BIRMINGHAM	19 MINS
MANCHESTER	1 HR 10
LIVERPOOL	1 HR 25
LONDON EUSTON	1 HR 50
BRISTOL	1 HR 50
CARDIFF	2 HRS 40
GLASGOW	3 HRS 45

Our campuses

We have two main campuses; City Campus in the centre of Wolverhampton which also includes our Springfield site just a short walk away, and Walsall Campus, a short bus ride from Walsall town centre.

Both campuses offer the following facilities accessible to all University of Wolverhampton students:

- University accommodation
- Students' Union
- Library
- Access to sports facilities
- Student support services
- Ask@WLV drop-in centre
- A range of study spaces (social/ quiet/ silent)
- Multi-faith prayer rooms
- Free campus Wi-Fi and computer suites
- Canteen and food outlets

Molineux Stadium

Arena Theatre

University of Wolverhampton at The Halls

City Campus Wolverhampton

Whatever your interest or budget, you'll discover cinemas, theatres (including our own Arena Theatre), galleries, gigs, restaurants, pubs and clubs, as well as beautiful local green spaces.

If you're a football fan, Wolverhampton Wanderers' Molineux stadium is right on our doorstep – you can't miss it

Shopping on a student budget is easy in Wolverhampton with major supermarkets close to student accommodation, as well as independent stores and a bustling market.

Wolverhampton is home to one of the region's most iconic music venues, which now partners with the university. The spectacular 'University of Wolverhampton at The Halls' also provides students with priority access to tickets and exclusive student experiences.

New Art Gallery, Walsall

Walsall Campus

The SU at Walsall Campus is a great place to unwind between, and after, lectures, offering coffee, pool, karaoke and quizzes. Meanwhile, off-campus at Walsall's Waterfront there's a growing nightlife and plenty of foodie options. There's Walsall Arena and Arts Centre for theatre, music, or comedy shows, and you can get your film fix at The Light Cinema.

DID YOU KNOW?

Walsall Campus is currently undergoing significant improvements. These are part

of an ambitious £11 million decarbonisation project designed to accelerate the university's journey to net zero by introducing a suite of low-carbon technologies.

Sport

There are plenty of opportunities to get involved with sport and fitness, whether you just want to play for fun, try something new, or play competitively.

wlv.ac.uk/university-life/wlv-sport/

Walsall Campus

Fees and finance

Funding

Most UK students studying a Master's course in the UK can apply for a Government loan to help with fees and living costs. Fees can be paid in instalments.

wlv.ac.uk/howtopay

In 26/27 the Master's loan for students applying to Student Finance England will be £13,026. You must be studying a full Master's award of at least 180 credits. Eligibility criteria can be found at: gov.uk/masters-loan

Full-time course fees

Fees shown are for a 180-credit course (equivalent to a full-time Master's). Lower credit courses (such as certificates and diplomas) are charged on a pro-rata basis.

wlv.ac.uk/fees

Teacher training

Teacher training (PGCE) course fees and financial assistance are the same as for undergraduate degrees. You can apply for a student loan for tuition fees and living costs, and for a dependants' grant if eligible.

gov.uk/teacher-training-funding

You may be eligible for a government bursary or scholarship if your course leads to qualified teacher status (QTS). You don't need to pay back this tax-free money when studying certain subjects. Search for "bursaries" at:

getintoteaching.education.gov.uk

Home postgraduate fees (2026/27)

	Full-time	Part-time (pro rata)
Classroom-based	£11,015	£5,507.50
Lab-based	£12,813	£6,406.50
MA Social Work	£8,000	n/a
Pre-registration NHS Healthcare courses	£9,790	n/a
PGCE	£9,790	n/a
M.Arch (Architecture)	£9,790	£6,526.66

International postgraduate fees (2026/27)

Non-lab based	£18,465
Lab-based	£19,859

Scholarships and bursaries

Alumni discount

University of Wolverhampton graduates can get a 20% discount on a postgraduate course taught on-site, or 10% off fully-online courses. There's no time limit on how long ago you completed your degree, as long as it's your first Master's-level qualification.

wlv.ac.uk/alumni-discount

International Alumni Scholarship

Available for University of Wolverhampton graduates (including those from our partner institutions) for postgraduate taught on-site study only. If you have a First- or Second-class degree with us, you can receive between £2,000 and £3,000 dependent upon your results.

wlv.ac.uk/international

Dennis Turner Hardship Fund

A non-repayable fund for any eligible student, home or international, who is struggling to make ends meet. The fund doesn't affect the visa status of international students.

Sports Scholarship

Sport scholars can receive a performance package which includes financial support plus WLV Gym membership, BUCS membership, strength and conditioning, physiotherapy, sport psychology, and performance lifestyle support.

wlv.ac.uk/sportsschol

Social Work Bursary

Postgraduate social work students can apply for a bursary to help with living costs. If you're eligible for a bursary the NHS will also pay a contribution towards your tuition fees per academic year.

Disabled Students' Allowance (DSA)

A single Disabled Students' Allowance of up to £27,783 (in 26/27) is available for students who have additional costs due to their disability or specific learning need. Students must complete a needs assessment prior to enrolling to assess the support they need. **gov.uk/disabled-students-allowances-dsas**

Sector expertise

Our sector knowledge and expertise include specialisms led by world-leading researchers. Academic excellence, outstanding facilities, professional accreditations, and industry links ensure our students are prepared for future careers in these growing sectors.

Architecture and construction

Springfield is Europe's largest architecture and built environment campus. World-leading research is delivered on site into brownfield regeneration, green innovation, and intelligent transportation systems. We are also a key partner for Wolverhampton city's Green Innovation Corridor project.

Our courses are accredited by professional bodies including:

Business and Law

Our employer-relevant academic programmes and tailored business services have run for over 80 years. We have the Midlands' largest and most successful Chartered Institute of Personnel and Development centre, are an approved centre for ILM, and hold membership of the Chartered Association of Business Schools.

Law students benefit from our unique partnership with DWF LLP to receive careers advice and mentoring.

Our links with professional bodies

Creative industries

We've been at the heart of the city's creative community since 1851. Professional practice and live briefs from companies in the creative sector are embedded throughout our courses. We make sure that our students are equipped with the ideal space and resources to develop their artistic skills to the highest level.

Healthcare

Our life-changing research investigates male fertility, brain tumours, autism, and more. We have specialist teaching facilities for healthcare at all of our campuses. These include world-class equipment such as Anatomage tables, simulated wards and rooms, and clinical skills labs.

Many courses are designed around the Health Education England (HEE) multi-professional framework for advanced clinical practice in England. If successful on one of our nursing courses, you can apply to register with the Nursing and Midwifery Council (NMC) to practise as a registered nurse in a range of settings.

NHS
Health Education England

NMC Nursing &
Midwifery
Council

Medical school

Facilities due to open in 2027

Our new medical school due to open in 2027 will equip students with the clinical skills, scientific understanding, and real-world experience needed to become confident, adaptable medical professionals. With specialist facilities and expert teaching, students will learn in an environment shaped by the latest healthcare practices, benefiting from our proven strength in health education and our position as a leader in providing modern healthcare training.

Teaching and education

We partner with over 450 schools, colleges and private providers to offer placement opportunities, CPD and accredited courses. Our world-class education research has key expertise in policy development and debate.

Groundbreaking research

Join our dedicated researchers tackling some of society's biggest challenges.

Our research is designed to have maximum impact on the communities we serve in the Midlands, the UK, and around the world. It focuses on three key themes of: green innovation and sustainability; health and social care; and inclusive communities.

wlv.ac.uk/research

Research Excellence Framework

Our academics and researchers are part of a worldwide network of collaboration, and the latest Research Excellence Framework, released in 2022, judged more than half of our output to be either internationally excellent (3*) or world-leading (4*).

We have researchers ranked in the

TOP 2%

of Scientists¹ and

TOP 0.5%

of Scholars in the world²

Research degrees

Research degrees give you the opportunity to develop and prove your ability to undertake research in an area of personal or professional interest. Our research degrees include PhDs, MPhils, MDs, professional doctorates, PhDs by published work, and higher doctorates.

As a research student at the University of Wolverhampton, you can stay in our student accommodation, take advantage of our student services, and join Students' Union sports clubs and societies. You can also take part in our Research Skills Development programme.

¹ Stanford Elsevier Top Scientists List 2025

How to apply

So, you're ready to apply?

- Visit: wlv.ac.uk
- Use the course finder to search for your chosen course.
- From your course page, click on the 'Apply now' button.

This will take you through to the relevant application form. You can apply directly for most of our postgraduate taught courses.

Exceptions include PGCE courses, which you will need to apply for via the UCAS teacher training website – search online for **'UCAS teacher training'**.

Fast-track applications

University of Wolverhampton undergraduates wanting to progress directly on to a postgraduate course and University of Wolverhampton alumni wishing to return to study a postgraduate course can fast-track their application. Once you have your degree classification and meet the entry criteria for the course, you are eligible to complete a fast-track application, which is a quicker and shorter application process.*

Advice and guidance

Our Gateway team provides advice and guidance on all aspects of coming to university, including choosing the right course; checking qualifications, entry requirements and your application form; and student funding and disability or support options.

wlv.ac.uk/gateway

Entry requirements

Our entry requirements help us to gauge whether you have the knowledge or experience to provide a good base to study at postgraduate level. We believe in providing opportunities to people with the passion to succeed, and our entry requirements are not always based on academic attainment alone. You will usually require an undergraduate degree. Relevant work experience in your subject area can help you get a place for some courses. Visit the course page for up-to-date entry requirements.

Level 2 requirements: Equivalency courses

Non-teacher training courses:

If you don't hold a GCSE Grade 4+ (C or above) in English and/or Mathematics, we offer free online courses that we will accept as the equivalent.

Teacher training courses:

If you don't hold a GCSE Grade 4+ (C or above) in English/Mathematics/Science, we offer an equivalency test that can be taken on our campus. Each test costs £35.

wlv.ac.uk/apply/equivalency

English language requirements

If your entry award was not delivered in English; you do not have a degree from an English-speaking university; or you are a non-native speaker of English, you will be required to demonstrate English Language proficiency to a minimum of IELTS 6.0 or equivalent. For more information on English language requirements, visit:

wlv.ac.uk/englishreqs
